BIRTHDAY ANNIVERSARY

Of the Kings Daughters Society of the Episcopal Church of this City was celebrated yesterday afternoon at the home of Mrs. E. C. and Miss Amy Phister.

Yesterday afternoon the home of Mrs. E. C. and Miss Amy Phister was the scene of a delightful occasion. The Kings Daughters of the Episcopal Church and a few other guests, met there to celebrate the thirtieth anniversary of the organization.

After a short business session Mrs. James Ross read a beautiful Christmas story, the spirit of which was in keeping with the joyous season so near. Mrs. Ross was at her best and her rendering thoroughly enjoyed.

Miss Louise Hunsicker gave her ideas of what it means to be a King's Daughter, the golden thread of thought running through it was loving service. Her bright pure face and earnest words will for a long time be an inspiration to all who heard her.

Mr. Harry C. Curran, an ever welcome guest wherever he goes, gave an excellent talk on "Reminiscences of an Onlooker," this truly was an appreciation of the devoted women, who, for so many years, have freely given their time and strength in the service of the Minister.

After this every King's Daughter wrote a wish for the future of the brave little society and these were read amid laughter and applause.

Refreshments were served which were beautiful as well as delicious. Then as the shades of evening gathered, the cheery guests departed and today the Thirtieth Anniversary of the King's Daughters is a sacred memory long to be treasured.

A meeting of the board of managers of the City Mission will be held in the Mission Home this afternoon at 2:30 o'clock. All members are urged to be present.

COLBY, CARTOONIST

Draws a Large Crowd at the High School Auditorium Last Evening and Gave Excellent Entertainment.

The second number of the lecture course of the Maysville High School was held last night with George E. Colby, cartoonist, as the headline attraction. A large crowd was present despite the bad weather and all greatly enjoyed Mr. Colby's entertainment and lecture.

Mr. Colby's work on the stage in the process of drawing the various pictures was perhaps done more quickly than any other cartoonist that ever appeared on the local platform. In this respect he challenges the entire world in the making of platform pictures combining quickness and artistic work. Together with the various pictures he drew he kept a running fire of talk going and this added much to the effectiveness of this entertainment.

A large part of his program was devoted to caricatures and humorous drawings, but in each, one could see that there was something more than to merely laugh at, as it was the product of some little practice and time to perfect the genius for drawing so rapidly. In his more artistic drawings he covered a range of serious studies in landscapes, marine views and other color effects. A number of his pictures were lightning changes from one scene to another and all was executed with ease and grace that comes with years of practice.

This is Mr. Colby's fourth year under the management of the Independent Lyceum Bureau. In many of the places that he has appeared, such has been the character of his work that the people have called for his return a number of times. Before his entering the lyceum and chautauqua field he was a cartoonist on the staff of one of the large papers in Chicago.

The next number of the course for the year will be held in Thursday, December 14, when the Savanoffa, a company of Russian musicians now touring the country will appear before a Maysville audience. This company is composed of three members and will present a program filled with life and enthusiasm.

The High School Orchestra played several selections before the opening of the lecture by Mr. Colby. The orchestra is composed of a number of the High School students and several others. Their music was a great treat.

A GREAT MISTAKE

In yesterday's write-up of the opening of the tobacco season in the Ledger we unintentionally omitted the name of the 'Peoples' Warehouse Co. which is ready for business. She was the wife of Mr. Harry Kunkel, who managed the Maysville Baseball team for one season, and while residents of this city made many friends who will regret to learn of her death.

THIRD TERM TALK

Although President Wilson has not yet begun his second term, the talk of a third term for him has already begun.

Some of his ardent admirers think that he will imitate the example of Disraeli, who seized the essential features of his opponents' programme, crammed them down the throat of his own party, and thus cemented himself into power as Prime Minister of England. These Wilsonian idolaters intimate that the President will make use of the situation created by the close of the European war—if that event comes within the next four years—to turn to a protective tariff as the proper economic policy for this country and thus draw to himself the support of a large body of voters who now affiliate with the Republican party on that policy.

The idea is rather far-fetched, but the idea of a third term for Wilson is by no means the idle vaporings of political theorists. It is being seriously talked of by men who are known to have close personal association with the President and who are in a position to know what is passing through his mind as well as anyone can in the case of so self-contained and uncommunicative a person as Mr. Wilson.

The ease with which the President backed away from the single-term pledge of the Baltimore platform gives force to the notion that he will not be unwilling to make a third try for the office. He has already broken one precedent in that he is the first Democrat since Andrew Jackson to succeed himself in the Presidency; and there is no reason to believe that he would not like to break the precedent which runs back to George Washington's day.

Nobody now expects the President to make any immediate declaration on the subject. It is recalled that his letter to A. Mitchell Palmer on the single-term plank of 1912, though written in the winter of 1913, and before Wilson took office, was not made public until some time in 1916; and it is likely that a similar reticence will now prevail. Some of the President's friends who think that Col. Roosevelt will try for the Republican nomination in 1920 affect also to believe that Wilson can run the more easily again on that account. The third-term issue will disappear, they argue. This is, of course, a long look ahead; and it presupposes a good many things. But it is interesting as indicating that, in a good many minds, the Democratic party is "Wilson—That's All."

WAR ORDER FACTS

On November 20th the International News Service quoted the Lokal Anzeiger of Berlin as follows: "The total of half the New York exports, according to September customs figures, which were made in declarations, is \$270,000,000. Of these explosives, hand grenades and shells amounted to \$70,000,000, smokeless powder to \$70,000,000 and various items of ammunition to \$10,000,000, a total of \$150,000,000. In addition to these items of death-dealing instruments, the invoices include war and destructive tools directed against Germany to the value of many millions more."

And this does not take into account the millions of dollars worth of foodstuffs and clothing which are being shipped by us to the Allies at prices far below those paid by our own people at home.

Yet President Wilson and the entire Democratic hierarchy, in the recent campaign, persisted in denying that ours was a war order prosperity, or that munitions—which they confined to powder, guns, and shell—played any appreciable part in our tremendous exports.

On the same date the International News Service quoted Dr. Edward Gabler of New York City as saying that "at least 30 per cent of the East Side went to bed hungry tonight. Hundreds of persons applied to the churches for aid. Conditions showed all indications of the terrible bread-line situation of the early part of 1914." The I. N. S. remarks that "while these facts have been vaguely known for some time, the glare of publicity and the searchlights of public investigation were for the first time put into operation today."

Naturally a description of these conditions would not have made good campaign reading in October last. That "one half the people know not how the other half live" was one of Democracy's best assets.

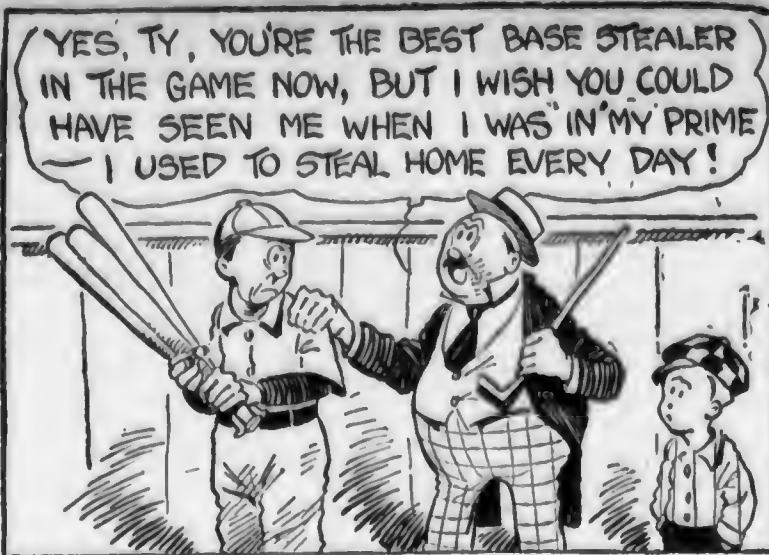

NO SAFE BASIS

President Wilson's popular plurality is less due to party alignments than to issues created by his personal policies. The very fact that the Democratic majority in the House of Representatives has been by the same poll which re-elected President Wilson reduced to nothing or less than nothing proves that the dividing lines on the presidency on the one hand, and on Congress and on State officials on the other, were not by any means the same. President Wilson ran ahead of the Democratic ticket for Governor in twenty-six of the States by a greater number of votes than his present apparent plurality over Hughes; hence it will be found, when the State votes can be computed, that Republicans actually outnumber the Democrats in the nation. Whatever may be the arguments, therefore, in favor of a frank adjustment of the constitutional machinery for the election of the President to the existing facts and the obliteration of State lines in favor of a popular vote of the nation, it by no means follows that the election of 1916 is a safe basis for Democratic prognostication of success in the future, especially if future contests are to be fought on traditional lines of division between the two national parties.—Philadelphia Public Ledger.

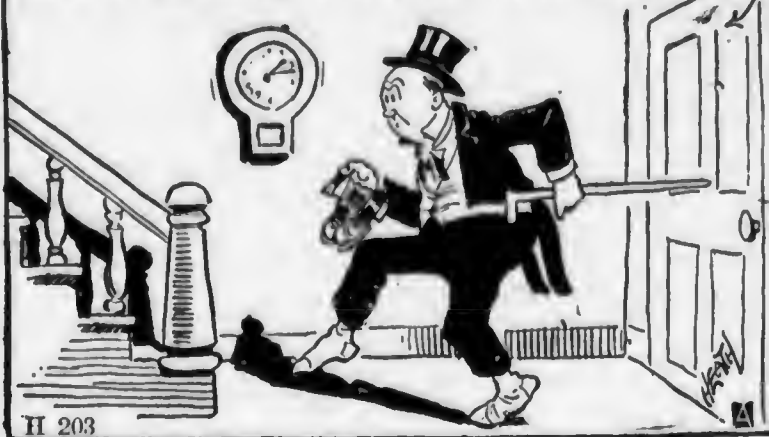

Kansas women to the number of seventy thousand are said to have voted for Wilson because they did not want war. They might just as safely have voted for Hughes, but did not realize it at the time. However, there were many Kansas farmers, satisfied with the prices they are getting for their products, who also voted for Wilson. Hughes would have been as safe as Wilson for either of the things these voters had in view. The question in regard to Wilson is whether now that he has secured their suffrages, he will be able to retain the regard of constituents who viewed him through rosy spectacles. Certainly the farmers will be disappointed if this country is swamped by European products at the close of the war.—Milwaukee Evening Wisconsin.

SACRIFICE OF BLOOD AND TREASURE ENDURED BY GERMAN IN ORDER TO DEFEND THE FATHERLAND, KANSAS ASSAULTS

London, December 3.—A dispatch from Amsterdam to Renter's Telegram Company says that Emperor William has sent the following telegram to Dr. Von Bethmann Hollweg, Imperial Chancellor:

"Your report of the passing of the bill for national civilian service fills me with great delight. My heartfelt thanks are due for the co-operation of the Imperial Government and the Reichstag, sustained by a patriotic spirit."

"The German people thus again have shown firmly that they are resolved to endure every sacrifice of blood and treasure to labor for the victorious accomplishment of the defense of the Fatherland and its power. The people, filled with such uniform determination with God's gracious assistance, maintain against everybody its place among civilized nations of the world, which it gained by intelligence, industry and moral strength, and cannot be conquered."

"May God reward all our readiness for sacrifices and grant that the good work will be successful."

It is quite possible to crack a joke without damaging it.

CHIHUAHUA REOCCUPIED BY CARRANZA FORCES; MANY VILLISTAS KILLED

Juarez, Mexico, December 3.—General Carlos Ozuna entered Chihuahua City from the north at 7 o'clock last night, according to a telegram received today by General Francisco Gonzales, brigade commander. The message was from General Ozuna and was dated Chihuahua City. It was officially announced at military headquarters today that the Carranza forces have re-occupied the city. Telegraphic communication with Chihuahua City over the federal line has been re-established.

General Gonzales is preparing to leave for Chihuahua City with a large command of Carranza troops. He said telegraphic communication has been restored south of Jimenez.

Latest reports here are that many Villa followers have been captured and killed. No definite news has been received about Americans, but it is believed here that all foreigners, except Chinese, are safe.

It was announced that Villa has left for Western Chihuahua, following trains of loot.

General Francisco Murgula, the Carranza commander who has been moving slowly northward from Torreon, also was reported to have entered the city today after having defeated the Villa column thirty miles south of Chihuahua City.

Mercy Shown Americans; Chinese are Murdered

Juarez, Mexico, December 3.—No Americans have been killed in Chihuahua City by Villa, according to a private message received here tonight from that city. The message said that the only foreigners to suffer were the Chinese, for whom the bandits showed no mercy. Generals Murgula and Trevino were both in Chihuahua City tonight, it was said.

THE NEW DIME

(New York Sun)

On impression conveyed by the new dime, fresh from the mint of the Money Devil, is that a picture in a shadow box. In order that he might bring out the face of Liberty the artist has sunk the obverse side of the coin bowlike and the indentation at the edge is deep, though graceful. The concave surface gives play to lights and shadows, while the dime is new. Hold it one way and Miss Liberty, darkly beautiful, swims in a silver sea. Hold it another way and her face shines brightly from the surface of a shadowed pool.

The wear on the coin will not be on the cheek of Liberty, it is on the old design, but on the edge of her cap, which is more like a motoring helmet than the former fashion in the headresses for this important lady. The cap covers her ears, and the wings on it suggest that she is in sympathy with the modern pace.

She is a fine looking girl; not the cold Roman lady of the previous coinage, but a person who might have come from Vassar. Her neck is more slender than that of the old girl and her chin is fine and strong, but not thick. It is easy to see where her nose departs from her brow. It is a nice little magazine cover nose. The mouth is small and human, without the grin lips of other Liberties.

The secret of this new Liberty's beauty is youth. She seems to be 22, whereas the elder Liberties appeared to be at least 32 and conscious of their age.

OUT IN THE OPEN

(Milwaukee Journal)

We all talk enough about the need of getting back to the outdoors, to the heritages our fathers and mothers were born in, but our modern cities have so largely denied. We talk, and for that matter we get out when we can. But very often we stick to the traveled road, and even to wander about like lost souls. We simply don't know how to use the out-of-doors. That's what makes the Boy Scouts and the Camp Fire Girls the splendid things they are. Ask one of those boys in uniform what he does in the woods, and he will tell you of more pleasures of summer time than you ever guessed. And he is learning useful things, too. The same rich training and health-building is being done for the girls in Camp Fire groups that welcome the summer with outdoor trips to teach the girls, who once had to spend altogether too much time in the house, the joys of the open. We aren't sure that even more isn't being done for the girls than the boys. For most boys can still be counted on for that truant instinct that craves action and will be served. But the Camp Fires are teaching the young misses of today a love of outdoor things that their mothers, even when they grew up in the country, never had. And every time they go out on a trip boys and girls alike are gaining great chunks of that good physical health which is the basis of all other good things.

Contagious abortion is rapidly becoming one of the most costly of animal diseases. It is estimated that it costs the dairy industry \$20,000,000 a year in dead calves and dry cows.

TOO DANGEROUS TO OVERLOOK

Maysville People Will Do Well to Heed the Warning.

To have good health, the digestion, heart, lungs and kidneys must work perfectly. When there is anything wrong with the digestion, heart or lungs, a very noticeable pain or distress gives prompt warning. Kidney trouble is more easily overlooked, however, and too often gains a long start. But kidney trouble does give early signs, and backache, headache, dizzy spells, rheumatic pains, too frequent, scanty or painful urination should not be neglected. When these warnings appear, use Doan's Kidney Pills, the reliable, successful, strongly recommended kidney remedy. Assist the medicine by taking things easier, reducing the diet and the use of liquors. A severe attack of kidney disease may be avoided. Doan's Kidney Pills have won the grateful praise of Maysville people. Read this Maysville resident's endorsement.

W. F. Lynch, 127 W. Third St., Maysville, says: "My kidneys were weak and the passage of the kidney secretions were scanty and painful. Having used Doan's Kidney Pills before, I again got a box. They quickly restored my kidneys to a normal condition."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lynch had. Foster-Milburn Co., Props., Buffalo, N. Y.

ROMANIAN GOVERNMENT ESTABLISHED IN JASSY — PARLIAMENT SOON TO BE CONVENED

London, December 3.—A Reuter dispatch from Jassy, in Northern Roumania, near the Russian frontier, says that the Roumanian Government has been established there. TOWNS TO CONTRACT LOANS

Paris, December 3.—Government decrees will be published tomorrow authorizing the towns of Bordeaux, Lyons and Marseilles to contract loans in the United States. Each municipality will be permitted to issue \$25,000,000 in bonds to bear interest at the rate of 6 per cent for three years.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

DETAILED ACCOUNT

Of the Dedication Exercises at the Washington High School on Last Thursday.

A great event in the history of historic Washington was the dedication of the handsome and well arranged new school building. Washington was not dead to the needs of such an institution, nor was she in a sleep of lethargy—only biding her time—and her plans and her energies and her money has at last culminated in this grand gift to the children of this and coming generations. These children have a bright standard to measure up to, for Washington in the zenith of her glory gave some of the greatest names to American history. The perfect Thanksgiving day, brought crowds of eager thronging people to join in the dedicatory services, which were presided over by Miss Jessie Yancey, County Superintendent. The Board of Lady Managers were: Miss Alice King, Chairman; Misses Edith Davis, J. A. Caldwell, Nellie Finnell, Scottie Stevenson, Frances Tuggle.

MORNING PROGRAM

Scripture Reading—Rev. Ishmael. Prayer—Dr. John Barbour.
Address—Dr. W. A. Ganfield.
Vocal Solo—Mrs. Edith B. Hamilton.
The Health League—Miss Annie M. Casey.

Offering—Benefit of the Health League.

Hymn—By the audience.
Benediction—W. R. Hooper.
Miss Jessie Yancey introduced Dr. W. A. Ganfield, President of Centre College, in a few well chosen words paying a high tribute to him as a speaker and congratulating the audience upon the privilege of hearing him.

The address by Dr. Ganfield was begun in a most happy view, indeed so many bouquets were thrown at the audience, particularly the ladies, that we could only conclude that the elixir of the exhilarating air and sunshine had entered his views and to him everything was beautiful. His fine address abounded in inspiring illustrations and lofty ideals. He likened the state to a body whose limbs were the school and the church and without the healthy action of both the whole body was crippled and impaired. His exhortation to parents to safeguard the health and morals of their children by proper education was eloquent climax to a notable address. The audience then adjourned to partake of a most bounteous Thanksgiving feast served upon tables appropriately and artistically decorated with Autumn leaves, fruits and flowers. The fame of the Blue Grass housewives was well sustained by the committee on Refreshment and Decorations: Mesdames L. G. Maltby, Ben Marshall, Elmer Downing, Arthur Wood, Elsie Wood, Richard Durrett, Bland Kirk, John Tucker, Nellie Wilkes with their aide de camps, John J. Claybrooke and Elmer Downing.

The delicious menu consisted of roast turkey, escalloped oysters, chicken salad, Kentucky ham, escalloped sweet potatoes, sandwiches, pickles, celery, beaten biscuits and coffee, cakes, ice cream. A bevy of charming girls assisted in serving the dinner. Afternoon program 2 p. m.—Mrs. George Lougnecker presiding. Music, Pianist—Miss Rita Ross. Vocal Solo—Mrs. Edith B. Hamilton. Violin Solo—Mr. Robert Straus. Reading—Mrs. J. H. Caldwell. An Original Poem, A Vision—Miss Lilly Blanchard.

This poem by Miss Blanchard is a very beautiful composition and doubly interesting from the fact that it describes an incident in her life of an almost tragic nature. As an encore she gave a whistling imitation of the singing and carolling of birds. Miss Lilly is a gifted whistler and her selection was greeted with rounds of applause. Every number on this program deserves especial mention but space forbids. Mrs. George Lougnecker gave an interesting and instructive talk on the history of the Flag, which was followed by the raising of the flag and singing of the Star Spangled Banner which closed the program of this memorable day.

AS A TEST, DIET SQUAD WILL BE FED ON OLEOMARGARINE INSTEAD OF BUTTER

Chicago, December 3.—Oleomargarine will be substituted for butter in the last two days of the test by the diet squad in an effort to learn approximately what saving can be effected through the use of substitutes. Seven of the 12 persons who are trying to demonstrate that good meals can be served for less than 40 cents a day have shown a gain in weight since the beginning of the experiment, November 22. Three have lost weight and two have shown no change. There is a total net gain of four and three-fourths pounds.

CONTROL OVER CONSTANTINOPLE PROMISED TO CAZAR BY ALLIES

Petrograd, December 3.—At the opening session of the Duma yesterday, according to the semi-official news agency, Premier Trepoff read a proclamation announcing officially that an agreement, concluded by Russia, France and Great Britain in 1915, and later approved by Italy, "establishes in definite manner the right of Russia to the straits and Constantinople."

Premier Trepoff's announcement is quoted by the news agency as follows: "For more than a thousand years Russia has been reaching southward toward a free outlet on the open sea. This age-long dream, cherished in the hearts of the Russian people, now is ready for realization."

"From the beginning of the war, wishing to spare human lives and suffering, we and our allies did our utmost to restrain Turkey from mad participation in hostilities. Turkey received formal assurances guaranteeing her, in exchange for neutrality, the integrity of her territory and independence, and also conferring on her certain privileges and advantages. These efforts were in vain. Turkey surreptitiously attacked us and thus sealed her doom."

"We then concluded an agreement with our allies which establishes in the most definite manner the right of Russia to the straits and Constantinople. Russians should know for what they are shedding blood, and, in accord with our allies, announcement of this agreement is made today from this tribune."

"Absolute agreement on this point firmly is established among the allies, and there is no doubt that after she has obtained sovereign possession of a free passage into the Mediterranean, Russia will grant freedom of navigation for the Roumanian flag, which now floats in battle side by side with the flag of Russia."

"I thought it was my duty not to conceal from you the difficulties and sacrifices which we still have to endure in order to bring the present war to a victorious conclusion, but no difficulty and sacrifice will stop Russia and her brave allies on the path of reconstruction and consolidation."

"A bright future will be the heritage of all nations fighting for a just and holy cause."

EIGHT-HOUR LAW FOR WOMEN IS URGED IN MESSAGE TO PRESIDENT WILSON

New York, December 3.—Resolutions calling for the passage of eight-hour work day laws for women and endorsing a bill now pending in Congress to establish a women's division of the Department of Labor were passed by the Middle Atlantic eight-hour conference here today. The conference, which began last Friday and ended today, was held under the auspices of the National Women's Trade Union League of New York and Philadelphia.

Long working hours for women, the resolutions said, were injurious to health. A telegram was sent to President Wilson urging him to include in his legislative program a bill for an eight-hour day and a maximum 48-hour week for women, "the products of whose labor go into interstate commerce."

The resolutions passed by the conference called upon all working women "to organize themselves into trade unions for the purpose of demanding an eight-hour day through collective action as well as through legislation."

GREGORY MAY QUIT CABINET; HARMON AMONG THREE MEN MENTIONED AS SUCCESSOR

Washington, D. C., December 3.—The first break in the Cabinet is imminent. The report that Attorney General Gregory intends to quit has been definitely confirmed. Announcement of his purpose is being withheld to give the President time to select his successor.

There is some gossip connecting Judson Harmon of Cincinnati with the prospective vacancy, but the names of three persons most discussed, as possible heads of the Justice portfolio are John W. Davis, Solicitor General and recognized as one of the government's ablest legal officials; Secretary of the Interior Lane, and Francis J. Heney of California.

It has been suggested that Lane might be given the Attorney Generalship and Heney the the Interior portfolio, though Heney, who was active in the campaign for Wilson in California, has been suggested as good timber for Gregory's place.

Reports of this possible Cabinet change led to rumors that Secretary Lane would resign from the Cabinet, but close friends of the Secretary denied this.

TRANSPORT, CROWDED WITH SOLDIERS SENT DOWN BY GERMAN SUBMARINE, BERLIN ANNOUNCES.

Berlin, December 3.—The Admiralty today issued the following statement: "A German submarine, November 27, near Malta, sank the French transport steamer Karnak, of 6,800 tons."

"The Karnak was crowded with troops destined for Saloniki." The Karnak, formerly the Tournay, was 447 feet long, was built in 1899 and was owned in Marseilles. She was a passenger liner and was last reported on her arrival at La Ciotat August 8, since which time she apparently has been in the service of the French Admiralty.

Last January she reported on her arrival at Marseilles, with a large number of passengers from Alexandria and Malta, that she had been pursued for several hours by a submarine.

London, December 3.—Lloyds report the sinking of the following vessels: British steamships Burcombs, 3,516 tons gross, and Ishtar, 4,582 tons gross. The Norwegian steamship Skjoldur, 489 tons gross. The French sailing vessels Briantais, 266 tons gross, and Cni-Libou, 252 tons gross.

Queentown, December 3.—The British steamship Harpalaus, 1,445 tons gross, was sunk yesterday by a submarine. The crew was landed.

Brest, France, December 4.—The Norwegian steamer Erle Lindoe, the Greek steamer Dimitri and the French schooner Marie Marguerite have been sunk by submarines. Their crews were saved.

LOYD GEORGE SAID TO HAVE RESIGNED: POLITICAL CRISIS ACUTE IN ENGLAND

London, December 3.—Premier Asquith has decided to advise the King to consent to the reconstruction of the government. This was officially announced tonight.

London, December 3.—The political crisis has become acute. It is stated in well informed quarters that David Lloyd George, the War Secretary, has tendered his resignation, which has not yet been accepted.

Premier Asquith left town yesterday but returned this morning and throughout the day there were consultations and meetings of party leaders at the Premier's residence.

Mr. Lloyd George had a long consultation with the Premier this afternoon. Other visitors were A. Bonar Law, Secretary of the Colonies, Lord President of the Council.

Perhaps the most significant situation was that Sir Edward Carson and Mr. Law appeared together and addressed a morning meeting of the Unionist Committee, while the Earl of Derby, Under Secretary for War, had a long interview with Mr. Lloyd George.

It is understood no official announcement will be made before tomorrow, when Premier Asquith will see the King and thereafter make a statement in the House of Commons in explanation of the situation.

All London is on edge as a result of the Cabinet crisis. The collapse of the Coalition Cabinet, it is feared, may have an important bearing on the war.

PRINCE SUCCEEDS HURIAN

Amsterdam, December 3.—A Vienna dispatch, says the Zeitung of that city, has announced that Emperor Charles has relieved Baron Burian, Austro-Hungarian Foreign Minister of the portfolio of the Ministry of Finance, which he held provisionally, and has appointed Prince Conrad von Hohenlohe in his stead.

FOUR MORE LINERS

New York, December 3.—Four trans-Atlantic liners, of 35,000 tons each and a speed of 25 knots will be built for service under the American flag. This fact was forecast by the returns of B. A. S. Franklin, President of the International Mercantile Marine, on the American liner St. Louis today.

CHRISTIAN CHURCH SERVICE

The services in the Christian Church Sunday morning were both interesting and profitable. The illustrated sermon by the pastor, A. F. Stahl on the work being done by the Christian Woman's Board of Missions brought to those present a vision of the scope of the field in which this society is doing Christian work and the variety of work being done. The countries entered are India, Africa, China, Canada, nearly every state in the union. Over four hundred and twenty-nine dollars was raised by this society during the past year. In the various fields, their workers, both native and American, preach the Gospel, teach in the mission schools, give medical treatment to the sick and provide a home for the orphans and destitute.

During last year in India alone, the medical staff in the three hospitals and seven dispensaries had 15,418 patients who required 55,922 treatments, 795 operations were performed.
This society plans for larger work this next year. The local auxiliary of this society will hold its public meeting in the church on Wednesday evening. An interesting program will be given.

THE UNBORN

The Most Startling Film Ever Passed by the Ohio Board of Censorship

Featuring
GERTRUDE BONDHILL and JULIA HURLEY

An amazing sermon of the most delicate subject and greatest evil of the day, "THE SIN OF BIRTH CONTROL." It depicts the reckless missteps and sorrowful consequences. There is a moral revelation in every scene of this tremendous motion picture master stroke. Premeditated destruction of children is doing more to depopulate this earth than the European war, thereby breaking God's greatest law, "Thou Shalt Not Kill." "The Unborn" is a delicate subject which treats on this social problem of the universe.

BARE FACTS LAID BARE

Every mother, every mother's son and every mother's daughter will sit enraptured by this triumph of photo-play art. Some critics claim this to be superior to the master picture, "Where Are My Children?"
